Subject: can someone send me the first page of the PP

Hi K and E,

Sorry to interrupt. I'm thinking we might want to add a short description of the preferred alternative to the webpage. You know, for those people who don't even want to read the fact sheet. What do you think? Or should we not say anything about it so that they will have to click on the link to the PP?

EPA Announces Release of Proposed Plan for Portland Harbor: The Proposed Plan for the Portland Harbor Superfund Site is now available for review and public comment. The Proposed Plan presents EPA's preferred cleanup alternative which includes ...*[insert text from PP]*. The Proposed Plan also describes other alternatives that were considered and the criteria EPA used to compare the alternatives, including estimated costs and construction timelines.

If we do want to include it, I was thinking we would use the same paragraph from the PP. If yes, then can someone send me that paragraph from the first page of the PP. You can just copy and paste it into an email. I don't need it formatted or anything.

Thanks, S-

Sheila Fleming, PE
